

DANIELSON AND PUTNAM NEWS

DANIELSON

An unusual condition of affairs was unearthed in this town Tuesday, when Ellery Crandall and Bridget Greene, residents near Killingly Center, were presented in the town court and pleaded guilty to adultery. Each was bound over to await trial at the next term of the Windham county superior court having criminal jurisdiction and in default of bonds were taken to the county jail at Brooklyn by Deputy Sheriff Charles E. Ayer.

Crandall and the Greene woman have been living together for well over a decade and have brought eight illegitimate children into the world, seven of whom are living. The children were taken to the town farm Tuesday and eventually, it is expected, will be placed in the Windham county temporary home for children in Putnam.

The sudden reaching out of the arm of the law Tuesday after all the years that the pair have lived together was due to the fact that Crandall has been indicted in petty crimes that attracted special attention to him, resulting in the preferring of charges that he was illicitly co-habiting with the Greene woman. Officials who handled the case experienced no difficulty in getting the pair to admit their criminal responsibility as charged in the complaint against them, and the woman testified freely about the relations with Crandall, incidentally interring the officials about another case more or less similar to her own and ascribing that particular case as a husband.

Officials here understand that the Greene woman has a husband living somewhere in Rhode Island, which was revealed as somewhat of a bar to receiving her proposition of marrying Crandall, should such a course be permitted.

Nancy M. Hill, 73, is dead at her home at Foster Center, where she had been a resident for years and where she was well known. Mrs. Hill leaves a daughter, Fannie S. Hill, with whom she made her home.

Clogged Blood Withers the Body

Workers Sick and Weak From Exertion Take Gude's Pepto-Mangan

Men and women who toil, either physically or mentally, use up energy. When they overwork they use up more energy, and sometimes the blood gets in a run-down condition. Without rest the blood cannot get back to normal, so that it becomes clogged with waste matter from over-exertion.

The clogged blood virtually withers the body. The strained looks on pale faces, the thin, bloodless arms, the sunken cheeks and necks, the deadened feeling, are the results of stale blood depriving the system of life-giving oxygen.

Workers go to the drug store and get Gude's Pepto-Mangan when they feel weak and run-down. They take it in either the liquid or the tablet form. That makes the blood rich and red and drives out the poisons. Life-giving oxygen, carried by the little red cells, renews the strength and builds up the entire system. Look for the name "Gude's Pepto-Mangan," on the package. Advertisement.

Suitable Boxes for All Gifts.

CYR BUILDING
DANIELSON

THE CHURCH COMPANY

to meet the demand that will be made on the Danielson Benevolent society.

Members of the Killingly Theft Detecting society will come here today for their meeting of their organization.

W. E. LaBelle of Dayville was at the place of business here Sunday and was greeted by many friends, who are pleased that he is recovering from a recent illness.

Indications are that far more than a thousand persons will have memberships during the coming year in one or more of the three big Christmas clubs that are organized by banks in Danielson.

German toys are again to be seen this year in local stores—the first lot of German made goods of the kind in any quantity shown here since the United States entered the world war.

A number of Danielson members of the Mystic Shrine were at Providence Monday evening to witness a ceremonial at the Shrine's temple in that city.

Preparations are being made by Attorney E. L. Darbie, counsel for the town, in presentation of arguments before the supreme court of the state, probably at the January term, of the case of the Gertrude A. Wardell vs. the town of Killingly.

Motorists who traveled between this city and Willimantic Tuesday reported icy conditions at Hampton hill and at points farther west while there was barely a trace of ice on the streets or highways hereabouts.

"D-foot" was the epithet hurled back by the reckless driver of an automobile as he dashed by a trolley car waiting at Davis switch and came within an ace of running over a young woman getting off the car. Not a sound from the horse on his car, as he raced through a narrow opening of a way left between the trolley car and a bus standing alongside it. And yet no one took his name!

Coins are accumulating from day to day in the receptacles placed in stores banks and elsewhere about town to be Christmas dinner and other holiday cheer for the needy of Danielson, but the contributions are not near sufficient as yet.

WESTMINSTER

Friends are pleased to learn of the recovery of Vera, the 3 1/2 year old daughter of Mr. and Mrs. Clarence Smith, who is showing improvement after serious illness with pneumonia. The little girl is the granddaughter of Columbus Smith.

The man who accomplishes things has learned to labor while he waits.

MADGE KENNEDY in "OH! MARY, BE CAREFUL"

Residents of that township participate in it.

In the decade that has passed since Pomfret first witnessed the first live spectacle there have been few changes in the personnel. Mary, Joseph and the Archangel are portrayed by the same persons who have had parts from year to year.

Through the years the play has been given in a rather small auditorium, but the town has been expressed recently that eventually some person or group of persons will come to the aid of the workers and make possible the erection of a fitting building in which this extraordinary Christmas festival may be more adequately presented.

County Agent F. L. Davis gave out the following statement Tuesday relative to a demonstration in Woodstock:

A hog butchering demonstration will be held at the farm of William Child, on the dirt road from Woodstock Hill to East Woodstock, Friday (Wednesday) December 14 at 1:00 p. m.

T. F. Warner, who was for several years with Swift & Company, and has given butchering demonstrations all over the State of Nebraska, and has been working with the U. S. Department of Agriculture for some time, is to give the demonstration. In connection with J. A. Simms, animal husbandry specialist of the Connecticut Agricultural college.

The killing, cutting up, and curing of the meat will be demonstrated. This will be demonstrated by a real expert in his line, according to the information received in regard to the work that Mr. Warner has been following for several years.

Many farmers have a hog or two to kill, and some more. Without a doubt they have felt that they would like to have an opportunity to learn a little more about curing the meat as well as cutting it up.

Miss Katherine Byrne, president of the Civic club, announced Tuesday afternoon that Thursday afternoon at 2 o'clock under the auspices of the club, the Chamber of Commerce, at 3 o'clock under the auspices of the club, Principal E. H. Snow of Putnam High school will give an address on the History and Development of Political Parties in America. This is the first of a series of lectures extending to 4 o'clock, of which the club is to give a general talk of citizenship to be given under the auspices of the club during the winter months.

Mrs. Charles R. Browning, who had her jaw broken and was otherwise injured in an automobile accident in which her husband also was considerably hurt on a Sunday evening a few weeks ago, has so far recovered that it is expected that she will be able to leave the Day Hospital hospital the latter part of this week.

Registration certificates for 1922 are coming through in numbers to Putnam citizens from the state motor vehicle department. Motorists who have not filled out applications for new registrations have only a little more, than two weeks to do so, if they wish to operate their car after the first of the new year.

Attention of those who will be out looking for a new Christmas tree to cut during the next few days will be well pointed out, to get permission to cut such trees from the owners of the land where such trees are to be found. Cutting them without permission is a punishable offense and the penalty may be quite heavy.

A number of members of the Mystic Shrine resident in this city were at Providence Monday evening to attend a ceremonial affair at the temple in that city.

Criticism from one of the pupils of the city has recently been heard of the behavior of a certain group of children of the city conduct themselves while on the streets and of the obscene things said by them. The criticism was accompanied by the admonition that parents

should exercise more control of the doings of their children.

Next week is the last week of school before the Christmas holidays for hundreds of Putnam pupils.

Mrs. W. B. Barber, member of the town school committee, has succeeded Miss Jennie Barman, resigned as a teacher of Latin and history at the high school.

Defeat of Tourtellotte Memorial High school of North Grovesville by the Killingly High school team, by a score of 43 to 6, has attracted the attention of other high school teams in the Quinebaug Valley league hereabouts.

State Officer Howard A. Elliott of Hartford was in this city Tuesday afternoon on a business trip.

Seniors of Tourtellotte high school successfully presented a play, the proceeds of which will go to defray the expenses of the Mass when the annual trip to Washington is made at the Easter season.

One mother-in-law can convince the average man that polygamy is all wrong.

BOEN
